Summary

Graphic designer with hands-on experience across branding, print advertising, and video editing for client reels, trained in the full Adobe Creative Suite plus 3Ds Max and DaVinci Resolve, and currently advancing technical and conceptual skills through an ongoing advanced certification in graphic design.

Experience

Graphic Designer

July 2026 – October 2026

M.A.D Communications

- Designed brand-consistent Instagram feed posts and promotional campaign visuals with Photoshop and Illustrator.
- Produced compelling company marketing videos to drive audience engagement using Adobe Premiere Pro workflows.
- Created custom 2D event animations and screen motion displays for company exhibits utilizing After Effects.
- Developed a full visual identity system and production-ready vector logo design for an emerging travel agency.

Jr. Graphic Designer

December 2024 – March 2025

Adarsh Advertising

- Designed logos for multiple client companies, building visual identity systems from initial concept sketch to finish.
- Produced print-ready newspaper advertisement artwork for various clients using Adobe Illustrator and Photoshop tools.
- Edited and assembled short-form video reels for client social media campaigns using Premiere Pro and After Effects.
- Supported senior designers on logo and ad deliverables, ensuring final assets matched each client's brand guidelines.
- Balanced several newspaper ad deadlines at once while maintaining consistent design quality across every draft made.

Graphic Designer

April 2023 – June 2023

The Left Brain

- Designed restaurant menu layouts end-to-end, balancing visual hierarchy, brand tone, and food photography placement.
- Created print-ready advertising pamphlets for local businesses, translating client briefs into Illustrator artwork.
- Hand-sketched concept drafts before digitizing, enabling faster client sign-off on creative direction early in process.
- Developed multiple design concepts per brief, presenting sketch-based options ahead of full digital execution work.
- Refined pamphlet and menu layouts through iterative rounds based on direct client and stakeholder feedback received.

Education

Advanced Certification in Graphic Designing

August 2025 – Present

Kshitij Vivan Institute

- Currently pursuing advanced coursework to deepen technical and conceptual graphic design skills.

Bachelor's in Designing

2021 – 2025
